Josue Ornelas – AVP of Marketing
Thomas Teeter – AVP of I.S.

"I would like to thank our members for their continued loyalty as that is the key to our success."

Ken Walters

President/CEO

MESSAGE TO OUR MEMBERS

In spite of the difficulties financial institutions faced in 2023, evolve FCU continued to provide our membership with great rates on both the share and loan side. We have expanded our footprint with three new micro branches in the El Paso area and will have our Las Cruces location open by the middle of this year, which will allow us to expand our offerings to our members in that area. The net worth for evolve FCU remains very strong even though the year was difficult from a net income perspective.

This past year the Federal Reserve embarked on a round of unprecedented interest rate increases to curb inflation. You would think increased interest rates would benefit a financial institution, but the opposite is true. A sharp increase in rates increases our cost of funds and slows demand for new loans. The result is a tightening in our margins which makes net interest income difficult to obtain. Because of this, evolve Credit Union had a net loss for the year. Even with a net loss for the year, we were able to maintain our net worth at 10.90%.

Looking forward to 2024, we are expecting the Federal Reserve to keep rates higher for longer and will hope for a couple of interest rate reductions. This means net income will be difficult to come by in 2024 as well. The good news is we are well positioned to withstand these issues and get past 2024. Regardless of the rate environment in 2024, we will continue to get our Las Cruces location open and work on expanding our membership in that area. We will continue to offer and promote our e-priority checking account paying 7% interest. We will begin offering a Collegiate Checking account and have developed a special Healthcare Membership level for members who work in healthcare. We are also developing branded debit cards for our Social Purpose partners. Who knows, a few interest rate cuts by the Federal Reserve and we could have a better year than projected.

We thank you for your continued support.

Linda Gonzalez-Hensgen,
Chair Board of Directors

Ken Walters,
President/CEO
