ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings Disclosure are share accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Complete/Youth Savings, Club Savings, Abundance

Money Market, Prosperity IRA Share, and ePriority Checking accounts, the dividend rate and annual percentage yield may change at any time as determined by the Credit Union's Board of Directors. The dividend rates and annual percentage yields are the rates and yields as of the last dividend declaration date that is set forth in the Rate Schedule. The Abundance Money Market account is a tiered rate account. The balance ranges and corresponding dividend rates and annual

percentage yields applicable to each tier are disclosed in the Rate Schedule. For the Abundance Money Market tiered account, once a particular range is met, the dividend rate and annual percentage yield for that balance range will apply to the full balance of your account. For the ePriority Checking account if your account balance is between \$0.01 and \$10,000.00 and you meet the following minimum service qualification during the month, the dividend rate and annual

percentage yield listed for this account in the Rate Schedule will apply: 1) you complete 30 debit card purchases per month. If you meet the minimum service requirement you will be refunded ATM withdrawal surcharges charged by evolve FCU for the qualified month when dividends are paid.

2. NATURE OF DIVIDENDS — Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

3. DIVIDEND COMPOUNDING AND CREDITING — The compounding and crediting frequency of dividends and the dividend period applicable to each account are stated in the Rate Schedule. The dividend period is the period of time at the end of which an account earns dividend credit. The dividend period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. ACCRUAL OF DIVIDENDS — For all earning accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. For Complete/Youth Savings, Club Savings, Abundance Money Market, and ePriority Checking accounts, if you close your account before accrued dividends are credited, you will not receive the accrued dividends.

5. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit at least the par value of one (1) full share in any account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Abundance Money Market accounts, there is a minimum average daily balance required to avoid a service fee for the dividend period. If the minimum balance is not met, there will be a service fee as set forth on the reverse side. For Complete/Youth Savings, Club Savings, Abundance Money Market there is a minimum average daily balance required to earn the annual percentage yield disclosed for the dividend period. If the minimum average daily balance requirement is not met, you will not earn the annual percentage yield stated in the Rate Schedule. For accounts using the average daily balance method as stated in the Rate Schedule, dividends are calculated by applying a periodic rate to the average daily balance in the account for the dividend period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.
